

WHAT MAKES SWAP DIFFERENT?

SWAP is a non profit organisation operated by you, the residents and business owners. SWAP is steered by a small group of concerned residents who are committed to combating crime in our area and to making it safe. SWAP is not a security company. It is not an armed response solution. SWAP is about Safety, Wellbeing, Awareness and Protection.

SWAP GOING FORWARD

For SWAP to succeed, it needs the active support and participation of all home and business owners in Savoy and Waverley. If we are successful in implementing SWAP, our area can be registered as a City Improvement District (CID), in which case the costs will be borne by all ratepayers in the area as part their monthly rates. To get a CID approved, we will require 51% of ratepayers in the area to vote in favour. Until then, SWAP can be run only on donor funds. Our ability to implement the solution is dependent on our ability to raise the required funding.

**WE HAVE THE PLAN TO COMBAT CRIME!
ALL WE NEED IS YOU!**

WHAT MUST YOU DO?

- Report **ALL** suspicious activity to 086 18 000 18. Save this number to speed dial 1 on your mobile phone!
- Complete the information questionnaire on the SWAP website. It will take no longer than three minutes. This is critically important for the CID application.
- Make sure that everyone in your household and your business knows about SWAP
- Make donations to: **SWAP C/O Account Fluxman's, Bank Standard Bank, Account number 001 562 991, Branch Carlton Centre, Reference SWAP / (Donor's Name).**

ENOUGH IS ENOUGH

Our country is plagued by crime. Our neighbourhoods are no longer safe. This is soon set to change, once and for all.

We welcome all residents and business owners of Savoy and Waverley to SWAP.... Your zero tolerance neighbourhood protection programme.

SWAP is an innovative, multi-faceted anti-crime initiative designed to proactively combat crime, utilising a mix of early identification, counter-observation, surveillance and static and mobile armed patrols.

SWAP is endorsed, amongst others, by the Bramely and Norwood SAPS, the Bramely CPF, the Norwood CPF and the CSO.

SWAP COMPRISES:

A SINGLE POINT OF CONTACT - 086 18 000 18, a 24/7/365 toll free line at your disposal for all emergencies and for reporting any suspicious activity or other information.

AN INCIDENT CONTROL AND COMMAND CENTRE (ICC) - Manned by well trained personnel on a 24/7/365 basis, ICC will rapidly and efficiently coordinate your call, determine the required response and manage the response team.

BLOCK WATCH - Every night the streets of our neighbourhood will be patrolled. Two neighbours per car, will be in constant radio contact with the ICC. Their role is purely to gather information and **NOT** to intervene.

CAMERA POINTS - Surveillance cameras will be strategically placed throughout the neighbourhood. These cameras will be monitored 24/7/365 by the ICC.

FILTER POINTS - If you are suspicious or feel you are being followed, simply drive through one of the static or mobile filter points.

SWAP PATROL - High performance vehicles manned by two professional, expertly trained personnel will patrol the neighbourhood 24/7/365.

BE WARNED!

ZERO TOLERANCE TO CRIME
